July 26, 2005

Subject: Revised Solidification Fee Schedule: *Effective July 26, 2005*

Dear Valued Customer,

The following is our revised solidification fees effective July 1, 2005.

Solidification and Disposal of Liquid Waste & Sludge:

- \$65.00 per ton plus \$0.60 per gallon solidification fee *
- Gallons are calculated at 250 gallons to the ton
- Customers need to determine the % solids or they will be charged at 100% liquid

Minimum treatment charge (per job):

- \$150.00*

* Plus General Excise Tax @ 4.712%

Acceptable Material for Solidification:

In accordance with the Department of Health Office of Solid Waste Management permit RM-0016-93, only liquid waste & sludges from known sources can be accepted for solidification. Allowable petroleum contaminants are limited to the following petroleum products: gasoline, diesel or heavier oils. Sludges containing greater than 50 ppm polychlorinated biphenyl's (PCBs) cannot be accepted for solidification.

Please call the landfill office at 668-4561 for additional information.
